### 1. Šī brīža aktualitāte

ES Sestā letvara programma un tās kopīgo konkursu saraksts noslēgsies 2006.gadā. Tas nebūt nenozīmē programmas darbības beigas, jo ir daudzi projekti, kuros darbs turpināsies un pēdējie no tiem tiks pabeigti tikai ap 2011. gadu. Kā zināms lielajiem integrētajiem projektiem (IP) un arī ekselences tīklu projektiem (NoE) ir uzdevums sludināt specifiskus konkursus dažādu darbu veikšanai un tā ir laba iespēja ikvienai aktīvai zinātnieku grupai Latvijā kļūt par šo lielo projektu dalībnieci daudz mazākā konkursā. Ir vajadzīga attiecīga motivācija, mobilizācija un darbs ar projektu kontraktu informāciju CORDIS datu bāzēs.

Vienlaicīgi 2006.gadā vēl var sagaidīt dažādus negaidītus centralizētus piedāvājumus, līdzīgus kā nupat 15.februārī izsludinātais projektu konkurss visās tematiskās prioritātēs: *“Specific call to promote the participation of partners from Targeted Third Countries in projects for which contracts are already signed or under negotiation in priority thematic areas of research.”* Identifier: [FP6-2006-TTC-TU-Priority-1](#), [FP6-2006-TTC-TU-Priority-3](#), [FP6-2006-TTC-TU-Priority-4](#), [FP6-2006-TTC-TU-Priority-5](#), [FP6-2006-TTC-TU-Priority-6-1](#), [FP6-2006-TTC-TU-Priority-6-2](#), [FP6-2006-TTC-TU-Priority-6-3](#) and [FP6-2006-TTC-TU-Priority-7](#). Konkursa termiņš. 16 May 2006 at 17:00.

Uzmanību nepalaidiet garām šo iespēju aicināt labus draugus un zinātnes kolēģus dažādās pasaules malās pieteikties uz projektiem, kuros Jūs jau strādājat, palīdziet viņiem un arī paši sev. Kā seko no tālākā teksta, Jjums jādod labas ierosmes savu projektu koordinātoram un manuprāt Latvijas zinātnieki var daudz ko labu pateikt par kolēģiem valstīs, kuras radās uz bijušās PSRS drupām. Nosacījumus atstāju netulkotus:

**Restrictions to participation:** Only TTC partners are eligible together with the coordinator of a project for which contract has already been signed or is under negotiation. Proposals for partnership extension should be submitted by the co-ordinator, acting on behalf of the Consortium of a project for which contract has already been signed or is under negotiation, together with the new participant(s) from the TTC. For contracts already signed, the remaining duration of the existing contract at the day of closure of the call must be at least 18 months. For contracts under negotiation, decision to grant EC funding shall depend on the successful conclusion of the contract under negotiation. Only TTC partners will be eligible for funding together with the coordinator who could be funded for management cost. Funding of management cost of TTC partners together with management cost for the coordinator are limited to 7 % of the Community contribution.
